- Introduction Video
- Video 1: Stages of Learning
- Video 2: Setting Goals Grades K-5
- Video 3: Setting Goals Grades 6-8
- Video 4: Setting Goals Grades 9-12

Week 3: Goals & Priorities Introduction

Think About It

Write out your concerns about getting enough done in your homeschool. Don't worry about solutions just yet. Just do a brain dump for now.

A large, empty light gray rectangular area intended for writing a brain dump.

Week 3: Stages of Learning

Think About It

Define remediation in your own words.

Define accommodations in your own words.

Week 3: Stages of Learning

Think About It

What ages does the Grammar Stage of learning cover and what is the primary focus of learning at that stage?

What ages does the Dialectic Stage of learning cover and what is the primary focus of learning at that stage?

What ages does the Rhetoric Stage of learning cover and what is the primary focus of learning during that stage?

Week 3: Goals & Priorities K-5

Think About It

What is the primary goal during ages K-5?

What are some ways you can modify how you are currently teaching your K-5 kids that would alleviate the struggles you documented on page 3.2?

Week 3: Goals & Priorities 6-8

Think About It

What is the primary goal during grades 6-8?

[Empty response area for the primary goal question]

What are some ways you can modify how you are currently teaching your 6-8 kids that would alleviate the struggles you documented on page 3.2?

[Empty response area for the teaching modification question]

Week 3: Goals & Priorities 9-12

Think About It

What is the primary goal during ages 9-12?

Empty response area for the question: What is the primary goal during ages 9-12?

What are some ways you can modify how you are currently teaching your 9-12 kids that would alleviate the struggles you documented on page 3.2?

Empty response area for the question: What are some ways you can modify how you are currently teaching your 9-12 kids that would alleviate the struggles you documented on page 3.2?
